**Funeral of Mr. T. J. Fogarty.**  
 The obsequies of Mr. Thomas J. Fogarty, whose tragic death occurred on the suburbs of Norfolk Thursday night, were held from the residence of his father, Mr. Richard J. Fogarty, No. 122 South Kelly avenue, Brambleton, at 2 o'clock yesterday afternoon. The services were conducted by Rev. Father Crow, assistant pastor of St. Mary's Catholic church. The interment was in St. Mary's cemetery. Following were the pall-bearers: J. H. Butt, Charles Stevens, J. Downing, B. Gaylord, Steve O'Connor, B. Perkins, Thomas Hodges and Thomas Flanagan.

**THE DOCTOR LAUGHED.**  
 But the Woman was Frightened.  
 A physician of Columbus, Ga., rather puffed up at a lady patient who insisted that the trouble really was caused by injuries from the effect of coffee drinking, and the nerves were so affected that it gave her every indication of heart disease. This is true of thousands of people who are badly hurt by the caffeine of coffee, and it is understood that if continued long enough, real organic heart disease will set in.  
 The lady referred to above is Mrs. C. V. Irvin, 1010 B. street, East Highland, Columbus, Ga. She says: "I had been running down in health for a number of years, and suspected that coffee was hurting me, but my heart told me so that I was very short of breath, and could do little or nothing that required exertion. I had fearful nervous headaches nearly every day, and was exceedingly nervous with indigestion and badly constipated. The doctor laughed at my idea of heart trouble, but knew that I was in a serious condition generally. Finally I was induced to quit coffee and take up Postum Food Coffee. This was about four months ago and the change has been wonderful. I feel like another person. My heart does not trouble me at all, and the stomach and nerves are decidedly improved. My head does not give me the old trouble it did, while the bowels are regular without any purgatives or medicine of any kind.  
 "I can hardly express my gratification for the relief from suffering brought on by the use of regular coffee, and I cannot thank Postum enough."

## NORFOLK'S GROWTH. Rapid Increase of Population in Our Immediate Suburbs.

Substantial Advantages That Are Tending to Make This Section an Important and Increasing Center of Diversified Industries. Cheap Raw Material, Fuel and Abundant Labor For the Manufacturer and Unexcelled Facilities For Distributing Products.

Norfolk, Portsmouth, Berkeley and Norfolk county are so closely associated in the matter of population that the only way to form an accurate idea of the growth of this community is to consider them in the aggregate. Neither of the three corporations have enlarged their boundaries during the past ten years, and the populous suburban communities, due to the establishment of many and varied industrial plants, while rightfully belonging to the cities, are included in the population of the county. This is why Norfolk county has the largest population of any county in the state of Virginia.  
 The population in detail, as compared with 1880 and 1890, is as follows:  
 Norfolk city ..... 46,624 1890, 1380  
 Portsmouth city ..... 17,427 12,268 11,390  
 Norfolk county ..... 50,729 32,798 25,301  
 Total ..... 114,831 80,937 65,657  
 Thus it will be seen that the population of Norfolk county (including Norfolk and Portsmouth) is 114,831, and that the increase has been 33,894 (41% per cent.) during the past ten years, and 22,280 (38 per cent.) between 1880 and 1890.  
 From these figures it will be seen that Norfolk county has in the last ten years, increased in population in a greater degree than Norfolk and

Portsmouth combined. In fact Norfolk county now leads all the counties of Virginia in population with her 50,780 people.  
 This growth that gives Norfolk county such prominence is the result of the increasing importance of Norfolk, Portsmouth and Berkeley, and the growth of the suburban population centers that are directly dependent on them as their business centers. All around Norfolk small manufacturing centers are springing up, and these are the best evidence of the desirability of this section for varied manufactures.  
 Norfolk's position as a leading lumber market and cotton center afford large stocks of the raw materials to the woodworker and the manufacturer of textile products. Pig iron and coal and copper also seek the sea at this port in large and steadily increasing quantities thus giving promise of a future iron industry at this point. The manufacturers of this section now include a large list of staple commodities and not a month passes without a substantial increase in capital invested in local manufacturing enterprises. The conditions are so favorable that they are attracting the attention of many investors and the great progress of the past decade, marvelous as it now seems, will be eclipsed by the opening years of the new century almost here.

**Handsome New Cars.**  
 The Norfolk Railway and Light Company yesterday received three of the new cars ordered from the American Car Company, of St. Louis, Mo. These will certainly please the Norfolk public when they are placed on the Ocean View route, as they embody the very latest ideas in scientific car construction. They are 55 feet over all and most solidly built. The seats are of rattan, the interiors are finished in solid cherry and the ceilings are finished in maple. The windows are fitted with automatic shades of a pleasing tint of dark green. The windows have a dust-excluding device never before seen in Norfolk. Electric push buttons are at every seat, and the cars ends each have a roomy vestibule, thoroughly closed in by double glass doors. The trucks are of the best style of the J. J. Brill & Co. car truck. The electric equipment is of the latest design and patterns of the General Electric Company. The new cars will be put on the road to-morrow or Tuesday, and will no doubt attract much attention and favorable comment.

**Union Mission.**  
 The report of the superintendent of the Union Mission for the month of November is as follows:  
 Attendance, 2,283; average attendance, 76; requests for prayers, 305; conversions confessed, women, 7; men, 37; total, 44; visit to sick by superintendent, 12; visit to sick by matron, 9; number visited by superintendent, 12; number visited by matron, 9; number of talks with men, 212; assisted, medicine, etc., 2; physician attended, 2; received in home, 312; street talks, 28; employment found for 27; sent home, 3; meals furnished, 625; reclaimed, women, 5; men, 15; total, 20.  
 W. C. ASHLEY, Superintendent.

**Advent Services at Emanuel Chapel.**  
 This being the first Sunday in Advent, the services at Emanuel chapel will be in keeping with this solemn season. It also being the second anniversary of the incorporation of Rev. John H. Dickinson a special sermon will be preached at night and appropriate music will be sung. The chapel has been very tastefully decorated.

**Schooner Wheeler Ashore.**  
 The schooner S. B. Wheeler was last night reported ashore at Hog Island. No details of the accident could be learned last night. The Wheeler is owned by the S. B. Marts Company, of Baltimore, and has long traded at this port. The Marts Company bought her about eight months ago from Captain Aaron Carson, who used to sail her.

## An Ordinance

AN ORDINANCE TO AMEND AND RE-ENACT SECTION 5, CHAPTER 21, ORDINANCES 191.  
 Be it Ordained by the Common and Select Councils of the City of Norfolk, that section 5 of Chapter 21, Ordinances 191, be amended and re-enacted so as to read as follows:  
 25. When a permit for burial is applied for it shall be the duty of the health officer, except in cases which come under the jurisdiction of the City Cemetery, in his absence, of the Health Commissioner or Coroner, to investigate the cause of death, and if such death is not a natural one, to make and sign the certificate of death, except in those cases where such a certificate stating the cause and circumstances of the death is furnished by a physician in good standing, who attended the deceased in his last illness.  
 For each certificate so issued he shall be entitled to receive a fee of one dollar from the estate of the decedent.  
 The fees in the above instances to be waived in case of a pauper.  
 Any physician who shall give such a certificate and shall not have attended the deceased in his last illness shall be subject to a fine of not less than five nor more than twenty dollars.  
 Adopted by the Common Council, November 12th, 1900.  
 N. BEAMAN, Vice-President Common Council.  
 Adopted by the Select Council, November 12th, 1900.  
 CHAS. H. CONSOLVO, Vice-President Select Council.  
 TESTE:  
 H. S. HERMAN, City Treasurer.

## SHAW-HOWARD GAME.

Given to Shaw University Team By the Referee.

Because of a Close Decision the Howard University Team Left the Grounds. Indications Were That the Howards Would Have Won If They Had Finished the Game.

A very small crowd was present at the Shaw-Howard football game yesterday afternoon, and those who stayed away missed as clean a game as was ever played on the Norfolk gridiron. The crowd numbered about 200 colored people, with only a scattering of whites.

The game was played in 30 and 35-minute halves, and was called at 3 o'clock. Both teams put up their best men and seemed to be pretty evenly matched in weight. The following is the line-up of the teams:

Shaw.	Position.	Howard.
Hamilin	Center	McGowan
Williams	L. Guard	Collins
Hardy	L. Tackle	Washington
Pannell	L. End	Shorter
Burwell	R. Guard	Butler
Rich	R. Tackle	Green
Hackney	R. End	Mitchell
Hackney	Q. Back	Holmes
Jones	R. H. Back	Jackson
McGriff	L. H. Back	Young
Love	P. Back	Oliver
Captain: Umpire, St. A. Augustine, of Hampton; Referee, A. T. Harrison, of Norfolk; Linemen, Hargrave, of Shaw, and T. Collins, of Howard; Timekeepers, J. C. Holmes, of Howard, and J. H. Eaton, of Shaw.		

Howard won the toss and took the north goal. Shaw kicked off for twenty-five yards into Howard's territory, which was caught by the Howard's left guard and brought forward five yards. Oliver made a pretty buck for five yards, and Mitchell rushed for ten more. Jackson, Howard's center, made some fine rushes, and finally made a run of twelve yards, losing the ball to Shaw on the forty-yard line by a fumble. After two downs Howard won the ball back by unawfully holding on the part of Shaw. In a kick-off by Howard, Jones, of the Shaw team, made a pretty run of fifteen yards. Shaw then lost the ball on a punt, it having touched one of their men. The ball once again on the Howard side, Mitchell made a beautiful run of thirty yards, and it looked at this juncture like they would score, as he was tackled at Shaw's twenty-yard line; but, in a buck, Young, of Howard, was forced back ten yards. Jackson kicked to Shaw's ten-yard line, and once more it seemed as though they would score, but were forced back to the forty-five-yard line, and here time was called, with the ball in Howard's possession, neither side scoring. Time, 30 minutes.

**SECOND HALF.**  
 Howard kicked off from the south goal to Shaw's fifteen-yard line, where it was captured by Hackney and advanced five yards and then kicked by Love twenty yards, which was caught by McGriff, who made a run of ten yards. Jackson, center, made a forcible spurt by bucking five yards, which advanced the ball to Shaw's thirty-yard line. Jackson then made another advance of five yards, and one of three, and only had two to reach Shaw's twenty-yard line; but, in the down, he

missed it by about eight or nine inches, and the referee gave the ball to Shaw. The Howard team claimed that they did not lose the ball, but the referee held to his decision, whereupon the Howards walked off the field, and at the expiration of five minutes the game was given to Shaw, the score being 5 to 0. It was a bad move for the Howard team to leave the ground.  
 The crowd was very orderly, and gave the police nothing to do at all, there being a small force present, in charge of Sergeant Hepler.  
 There is some talk that the two teams may meet here again next year, and if they do a good game may be looked for.  
 The Shaw team has thoroughly proven what negroes can do under proper management, and that they have won the right to play the Carlisle Indians next year if it keeps up to its present standard.

## Nothing Tastes Good

And eating is simply perfunctory—done because it must be.  
 This is the common complaint of the dyspeptic.  
 If eating sparingly would cure dyspepsia, few would suffer from it long.  
 The only way to cure dyspepsia, which is difficult digestion, is to give vigor and tone to the stomach and the whole digestive system.

Hood's Sarsaparilla cured the niece of Frank Fay, 106 N. St., South Boston, Mass., who writes that she had been a great sufferer from dyspepsia for six years; had been without appetite and had been troubled with sour stomach and headache. She had tried many other medicines in vain. Two bottles of Hood's Sarsaparilla made her well.

## WHY NOT Shoes or Slippers FOR XMAS

In all the category of gift things there's nothing more acceptable or more comfort-giving than shoes or slippers for mother, father, sister or brother.  
 And, why not get them at Hornthal's?  
 A pertinent question, we admit, but we ask it again, why not get them at Hornthal's?

Styles do not happen nor are they created by the manufacturers. They are produced by the great custom boot-makers of the world and re-produced in ready-to-wear shoes.

We offer them just the moment they make their appearance.
